- ROSARIE—Large rich pink flowers; very free bloomer.
- SILVER MOON—Large semi-double flowers of pure white; very attractive.
- SNOW-DRIFT—Double white flowers; vigorous grower.
- STAR OF PERSIA—(NEW) Semi-double, bright yellow flowers about 3 inches across, fragrant, borne in big, loose sprays. Growth vigorous; dark characteristic foliage. No serious disease has been seen upon it. A very splendid novelty, tending to be hardy yellow climber. The color does not fade and the flower trusses last several weeks. Price, \$2.00 each.
- TAUSENDSCHON—Semi-double, profuse blooms of soft pink and carmine.
- WICHURIANA—The true Memorial rose; pure white, single flowers.

HEART OF GOLD

A New Climbing Rose

The flowers are $3\frac{1}{2}$ -4 in. in diameter, rich, dark purplish crimson in color with a white base as in American Pillar. This makes a conspicuous feature under the mass of showy golden stamens. The flowers are followed by many brilliant hips. The plant is of marked hardiness and vigorous growth. Price, \$1.50 each.

HYBRID TEA ROSES

Perpetual Flowering

Our roses have produced wonderful results, and have been greatly admired. The varieties we offer are the ones best suited to this climate. They will give excellent results the first season. Choose the best position for your garden, with a south-eastern exposure if possible, open to the fresh air and away from trees. The soil should be well drained and should be at least 18 inches deep composed of good garden loam (a portion of sod loam is desirable) and well rotted manure. The plants should be cut back to 6 or 8 inches when planted, and planted so that the union of the bud and stock is 2 inches below the surface. The soil should be made very firm around them.

COMMONWEALTH (new)

COMMONWEALTH—The above rose has large, open, double blooms of deep pink. Vigorous growth and disease-resistant foliage. An abundant, continuous bloomer.

COLUMBIA—A most pleasing shade of rose pink, delicately fragrant, a universal favorite.

CONSTANCE—Full orange buds, streaked with crimson, becoming large, full flowers of various shades of yellow. A notable variety.

DUCHESS OF WELLINGTON—Large, well-formed buds, opening to semi-double saffron-yellow flowers, stained with crimson and changing to lighter yellow. Fragrant and pleasing and a constant bloomer.

ETOILE DE FRANCE—A vivid crimson with darker shadings; double, of good size and deliciously scented.

FRANCIS SCOTT KEY—An American Rose of immense size and a rich red coloring, also very regular arrangement of its petals. The plant is sturdy and a good bloomer, both in spring and fall.

GRUSS AN TEPLITZ—A valuable garden rose, a free strong grower, in bloom all the time; color a rich scarlet shading to velvety crimson; fragrant.

KAISERIN AUGUSTE VIKTORIA—Creamy white, fragrant, free blooming, hardy.

KILLARNEY QUEEN—The best of the Killarney family for outdoor growing, bearing distinct clear pink blooms, somewhat darker than the parent sort, these blooms being large and well-formed and on strong and free-flowering plants.

- LADY ALICE STANLEY—A gem that everyone admires. In color it is a lovely shade of coral-rose, the inside of the petals shading to flesh pink with deeper flushes.
- MRS. CHARLES BELL—Lovely shell pink with salmon shadings, sweetly perfumed, strong and bushy.
- LAURENT CARLE—A vigorous grower, flowering throughout the season; color, a brilliant velvety-carmine; very fragrant.
- LOS ANGELES—One of the finest roses ever introduced. The growth is very vigorous, and produces a continuous succession of long-stemmed, fragrant flowers of a luminous flame pink toned with coral and shaded with translucent gold at the base of petals. The buds are long and pointed and expand into flowers of large proportions. Not as hardy as the others.
- MME. BUTTERFLY—Described as a glorified Ophelia; foliage and habit unsurpassed; in color a harmony of bright pink, apricot and gold; vigorous habit.
- MME. CAROLINE TESTOUT—One of the most popular and valuable bedding varieties; large, full, globular flowers of bright satiny rose, with brighter centre; free and fragrant.
- MME. EDOUARD HERRIOTT—The buds are coral red, shaded with yellow at the base; the open flowers of medium size, semi-double, are of a superb coral red, shaded with yellow and bright rosy scarlet, passing to shrimp red.
- MRS. A. R. WADDELL—Well-shaped buds of deep apricot which open to graceful, loose-petaled flowers, the color paling to orange-salmon. The plant is strong and vigorous and an unusual fall bloomer. One of the most delightful garden roses.
- MRS. AARON WARD—The buds are long and shapely and open into cup-shaped flowers of deep Indian yellow, occasionally washed with salmon rose. A most desirable and floriferous rose.
- OPHELIA—Its blooms are large in size, full and perfect in form and appearance, attractive light salmon-flesh coloring, shading to yellow. The plant is vigorous, reliable and persistent.
- PHARISAER—Flowers of large and full form are produced in rosy white, shading to silvery salmon, on strong and erect-branching plants. "One of the finest."
- PREMIER—Rich rose pink, fine size and full form; pleasing fragrance; vigorous and robust.
- RADIANCE—An ideal rose for every garden, in color a brilliant carmine pink, with salmon pink and yellow shadings at the base of petals; one of the hardiest.
- RED RADIANCE—The exact duplicate of Radiance in every way except in color which is a deep red; attractive the whole season.
- SOUVENIR DE CLAUDIUS PERNET—Pure yellow, paler toward edge, beautiful when half open, foliage glossy and disease-resistant. Blooms early and late. A sensational rose. *Price \$1.50 each.*
- SOUVENIR DE H. A. VERSCHUREN—Light bluff-yellow, deepening to orange at centre; sweetly perfumed; strong and productive. *Price \$1.50 each.*

HUGONIS ROSE

"The Golden Rose of China"

A grand new rose from China. Upright growing shrubs, with slender, spreading branches. Fragrant, soft yellow flowers are borne on long sprays. Perfectly hardy, flowering very early. This unique species is fine for shrub planting and makes a symmetrical bush about 6 feet in height and the same in diameter when fully matured. An added and unusual attraction is the beautiful, reddish maroon new growths springing from the roots to provide more canes for the next season's bloom. When through blooming you will still have a most beautiful bush, for the acacia-like foliage on arching branches makes a most decorative shrub which, as far as we are aware, is never touched by disease of any kind but is clean and healthy always. *Price \$1.50 each.*

JUNE ROSES

\$1.00 each

\$10.00 per dozen

\$80.00 per hundred

Completely hardy and of vigorous growth, these roses fill an important place in the rose garden, blooming profusely in June.

*These varieties also flower later in the season.
